### Minimum premium

Minimum program premium: EUR 4,931,429

### Premium Calculation Basis

The annual premium is based on estimated turnover for the policy period. The premium allocation is, however, based on SAP figures generated per end of previous year and includes turnover figures of the first 6 months of the previous calendar year and the last 6 months of the year before that. In addition to the SAP based figures there can be adjustments for companies (e.g. newly acquisitions) not yet being fully implemented into the SAP system.

The annual premium is a fixed premium for the policy period and will not be adjusted after ended policy period. Should any premium adjustments be necessary these will be made on the master policy.

At renewal of this policy a new program premium will be calculated based on agreed premium rates and estimated turnover as per the calculation method described above.

### Wording

Below policy summary is not a comprehensive description of the coverage provided.

### General Liability and Product Liability Insurance

Period: 1 January 2022 - 31 December 2022

Trigger: Occurrence

Geographical scope: World Wide

#### Total sum insured

The total sum insured for the policy including General and Products Liability, Recall and Professional Indemnity is EUR 25,000,000.

For the coverage under Section G, Contractual Coverage, an annual sublimit of EUR 5,000,000 per occurrence and in aggregate for the policy period applies.

| Sum insured                          | Currency | Per occurrence | Aggregate  |
|--------------------------------------|----------|----------------|------------|
| Total Sum Insured                    | EUR      | 25,000,000     | 25,000,000 |
| Claims council, excess of deductible | EUR      | 67,500         | 67,500     |

| Deductible         | Currency | Per occurrence | Aggregate |
|--------------------|----------|----------------|-----------|
| Any one occurrence | EUR      | 1,330,000      | 5,320,000 |
| Loss prevention    | EUR      | 135,000        | 135,000   |

#### Deductible

The aggregate deductible of EUR 5,320,000 applies for all coverages, so all claims for both General and Products Liability, Recall and Professional Indemnity counts against the aggregate.

It is noted that should the Insured initiate a Products Recall of defect products covered by this policy and if such defect also results in other damage or loss covered by this policy (whether or not occurring before or after Products Recall), then only one deductible applies. If different deductibles apply then the Insured shall bear the highest applicable deductible.

For the coverage under Section G, Contractual Coverage, a separate co-insurance of 50% held by the Policyholder applies for any losses exceeding the deductible.

Losses held by the Policyholder as co-insurance share does not erode the annual deductible aggregate and the co-insurance share will apply notwithstanding the deductible aggregate is eroded or not.

### Information about the service provider

Unless other information is given the insurer is:

If Skadeforsikring, filial af If Skadeförsäkring AB (publ), Sverige (Danish branch of If P&C Insurance Ltd (publ))

CVR-no. 24203212

Stamholmen 159, 2650 Hvidovre

Swedish org. no 516401-8102

[www.if.dk](http://www.if.dk)

If does not give advice in the meaning stated in § 15, 1 in the Danish executive order on honest business principles and good practice for Insurance Intermediaries and ancillary insurance intermediaries.

If you are not satisfied with a decision made by If Skadeforsikring you may appeal to:

Danish Insurance Appeals Board Anker Heegaards Gade 2 DK-1572 Copenhagen V, Denmark [www.ankeforsikring.dk](http://www.ankeforsikring.dk) Tel: +45 33 15 89 00

The Danish Insurance Appeals Board (the "Board") deals with business-related cases only if the Board finds that the case does not differ substantially from private insurance. An appeal to the Board must be submitted on a special appeal form that you can obtain from If or the Board. A small fee will be charged. The fee will be refunded if the appeal is totally or partly upheld, or the Board rejects the appeal.

If's employees who according to Danish regulation distribute insurance receive either a fixed salary or a combination of fixed salary and variable salary.
